How to Access the Anticipatory Care Calendar E-learning

1. Select E-learning site

Anticipatory Care Calendar

The Anticipatory Care Calendar (ACC) is a free resource for use in any social care setting supporting people with learning disabilities, dementia and would work well with patients and people who are likely to have reduced capacity and or communication difficulties such as frail elderly, stroke or degenerative conditions.

The tool provides an improved way of recording health issues and can offer solutions to communicate these issues to the appropriate health professionals. It should also facilitate access to health services more quickly.

The ACC is a simple tool to improve the daily surveillance of health. It overcomes some of the barriers that can prevent people accessing health services effectively.

It provides an innovative approach to assessing health on a daily basis and is designed to alert staff to changes in a person’s health status and provide clear directions about accessing care.

A “traffic light” system triggers the need to respond to changes to the person’s health through observation. A key benefit is that it supports and empowers social care staff to develop a high standard of health record keeping, monitoring health and ensuring people access NHS Cancer Screening Programmes, where appropriate.

Our e-learning site

The purpose of our e-learning site is to allow you to register to implement the ACC within your organisation or care setting. You will also be able to access up to date information regarding the ACC and any updates, as well as gain access to the full ACC Library.

2. Select blue button – ACC E-LEARNING COURSE PLEASE CLICK HERE
3. Click on “new Account”

4. Complete your details. It is often better to use your own email address, rather than a “company” one (but nhs.net and .gov.uk emails work fine). You will only get one email in response to registering.
5. Follow the instructions in the email link...

A new account has been requested at 'The Coaching Academy' using your email address.

To confirm your new account, please go to this web address:

https://www.innovationagencywnc.org/login/confirm.php?data=ZtiYiO7cyBSvWjP/

In most mail programs, this should appear as a blue link which you can just click on. If that doesn't work, then cut and paste the address into the address line at the top of your web browser window.

If you need help, please contact the site administrator,

Coach@innovation
coach@innovationagencywnc.nhs.uk

6. Click "Continue"
7. Complete as many personal details as you wish to on this page and then click “Update profile”.

8. Log out and then return to www.innovationagencyenw.nhs.uk/our-work/health-and-social-care/patient-safety/acc and log back in!

9. Scroll down the page and click on “Anticipatory Care Calendar”

- Anticipatory Care Calendar
- Anticipatory CC 2
- Anticipatory CC 3

10. Click on “Enrol Me”
11. Click on “Access to Health Services”. This will take you straight to the e-learning pages.

- Access to Health Services
- Learning outcomes

If you have started the e-learning and had to stop for any reason, you can resume where you left off.

12. Once you have completed the e-learning you will have the option of downloading the documents to allow you to use the calendar efficiently. Please check if these documents have already been printed however if they have not, please print and save these to your computer.

13. When you finish the e-learning – take a snap shot of the final page to show you have done the e-learning and what your score is. You can complete the e-learning as many times as you wish! 100% is an ideal score... but individual providers will need to decide what they accept from their staff!
